

## IN THE SPECIFICATION

Please replace the paragraph on page 4, line 22 to page 5, line 4, with the following rewritten paragraph:

--Front wall 18 is directed toward the bow, or forward part, of the boat when the livewell is placed within the boat and secured to the deck as described below. A first cylindrical extension 24 is located near the base of front wall 18. A first recirculation hose 26 is secured to a fitting 27 in communication with the interior compartment. A second cylindrical extension 28 is located near the base of front wall 18 opposite first extension 24. A lower drain hose (not shown) may be coupled with this extension if desired.--
